Bonners Ferry, ID 83805

October 1, 2019,

Dear Ms. Suppe,

Thank you for the submission of the Boulder Creek Academy's review documentation on September 27, 2019. This is an annual review from the Idaho State Department of Education (SDE) for Boulder Creek Academy. This is the annual review of the special education program offered to students with disabilities.

As part of the SDE oversight process the department is responsible for having the following documents on file at the SDE: 1) A current curriculum guide, 2) A list of licensed/certified personnel (submitted annually by 10/15), 3) Proof of liability insurance (submitted annually), 4) A copy of the facility's current accreditation, certification or licensure (submitted after each renewal), and 5) conducting an annual site visit every 5 years.

I am happy to inform you that all documents are on hand and the annual review was successfully completed on September 29, 2019 with the results that all areas of concern are in order and the approval by the SDE is still in effect and continued for an addition year (10/1/2019 – 9/30/2020).

The SDE found that Boulder Creek Academy is well equipped with both physical facilities and with talented and qualified staff who are providing special education services in an appropriate and effective manner as outlined in the Idaho Special Education Manual.

Thank you again for your timely submission of the required documents. We at the SDE appreciate what you are doing to meet the unique needs of student with disabilities.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Brandt".

Jeff Brandt,
Special Populations Coordinator
